4. The Governor-General will decide in which cases the license referred to in section 2 is unnecessary.

Article 2.

1. The master of a vessel having passengers on board is bound—

(*a*) immediately after the arrival of the ship in one of the ports mentioned in Article 1 to hand to the authority referred to in the said article a list signed by him of the passengers on board destined for the port co[illegible]ed;

(*b*) to prevent any of the passengers who are subject to the provisions of Article 1 from going ashore without being provided with the license necessary for disembarkation.

2. The list referred to in the preceding section must be drawn up in accordance with the model fixed by the Governor-General.

Article 3.

1. The license to disembark will be issued on board the vessel, and will be subject to a payment of F. 25 (twenty-five guilders), which will be refunded if the passenger is not admitted. The license also holds good for the wife and children under age of the person to whom it is granted.

2. The payment referred to in the preceding section cannot be demanded from Dutchmen.

3. Those who leave Netherlands India within a period to be fixed by the Governor-General after their arrival in Java can obtain a refund of the amount paid under the preceding section.

Article 4.

(*b*) prostitutes, or those who derive their livelihood from the proceeds of prostitution;

3. The grant of permits to those whose presence is considered dangerous to the economic interests of the native population may be made subject to the fulfilment of special conditions to be fixed by the Governor-General, or may be refused.

4. At the exchange referred to in section 1, Article 4, a permit will also be granted to the applicant's wife and each child under age.

Article 5.

1. Notwithstanding the provisions of Article 10, a permit gives the lawful holder the right to remain in Java and Madura for two years subject to due observance of the conditions for travel and residence.

2. For the possessions beyond Java and Madura the said permit gives to the lawful holder the same right as the permit granted by virtue of the regulations in force there regarding admission and residence in Netherlands India.

3. The period referred to in section 1, Article 5, may, at the request of the party interested, be prolonged twice, each time for a period not exceeding one year, by the Chief of the Residency where the applicant resides.

4. Notice of the prolongation will be endorsed on the permit.

Article 6.

2. For the permit granted in terms of the preceding section a sum of F. 25 (twenty-five guilders) is payable if the party concerned is in lawful possession of a license to disembark: in other cases the fee payable is F. 50 (fifty guilders) not including the wife and children under age of the party concerned.

3. Whenever the party concerned has been lawfully admitted and can explain the non-possession of his permit to the satisfaction of the chief local authority, a duplicate permit will be issued free of charge.

4. In case of refusal of a permit, an appeal is allowed within eight days to the Chief of the Residency where the party concerned resides, who will decide by decree stating the reasons for his decision.

5. Notwithstanding the appeal referred to in the preceding section, any person who declares that he does not belong to one of the categories of persons mentioned in section 1, Article 1, and that this Ordinance is thus not applicable to him, may petition for the decision of the Court of Justice within whose jurisdiction he resides, provided he does so not later than on the fourteenth day after his examination by the chief local authority.

The Court of Justice will pronounce judgment after having heard the Officer of Justice, who will inform the chief local authority of the decision Pending judgment the writ for expulsion will be held in abeyance.

6. In case the permit is not granted, a writ will be issued by the Chief of the Residency where the party concerned resides for his expulsion from Netherlands India. The said Chief of the Residency will allow to the party concerned, if desired, a period of time for regulating his affairs After the expiration of this period he will be forwarded to the nearest of the ports mentioned in Article 1, where pending his embarkation he may be placed under arrest or under police surveillance by the Chief of the Residency.

Article 9.

1. A permit for permanent residence in Netherlands India may be obtained by application to the Governor-General The party concerned will apply by stamped petition, forwarding his permit at the same time through the intermediacy of the Chief of the Residency in which he resides.

2 This officer will endorse on the permit the fact of the petition having been made, and will then hand it back to the party concerned, who, on receipt of the license for permanent residence, must return the permit to the said officer

3 Pending the decision of the Governor-General, the petitioner will retain the rights mentioned in the first and second sections of Article 5

Article 10.

1. The Governor-General may refuse the license for permanent residence in the interests of public peace and order, or on the ground that the party concerned is not in a position to make proper provision for himself and his family, or when he has been criminally sentenced since his admission.

2. The order refusing the license for permanent residence will state the reasons for such refusal, and at the same time will contain the writ for expulsion from Netherlands India.

3. The stipulations of the sixth section of Article 8 are applicable also to cases of expulsion under this Article.

Article 11

Regula[illegible]s to the appointment of Probationers, 1912.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1912, make *not less than five appoint[illegible]s* of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Judicial and Public Department, India Office, Whitehall, London, S.W., and to be returned to him not later than *Monday, the 1st July 1912.* Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date.

3. *Age Limits.*—Candidates must be not less than 19 but under 23 years of age on the 1st July 1912.

Notice is hereby given that the age limits for the recruitment of 1913 and following years will be 19 and 22 years on the 1st January of the year in which the selection is made.

4. *Nationality, etc.*—Every candidate must be a natural-born British subject. He must be unmarried, and if he marries before he reaches India he will forfeit his appointment. He must be of good physique and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Candidates must be able to show that in addition to having received a good general education they have passed with honours in a public examination for a degree in some branch of Natural Science held by a University in Great Britain or Ireland. A good general education should be understood to include, at the least, a fair knowledge of English Composition, Mathematics up to and including Plane Trigonometry, and either German or French. The production of school certificates granted by the examining authorities of Universities, or of certificates that a candidate has passed the Matriculation Examination of a University, in the subjects named or of other certificates held by the Secretary of State in Council to be equivalent, will be taken to show that a candidate has satisfied the requirements of this clause.

6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners on the results of which their final selection would depend. Particulars of this examination, which would be held in August, will be found in Appendix I.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office at which particular stress will be laid on good vision and hearing, and to satisfy the Secretary of State for India that they are physically fit for service in the Indian Forest Department (*see* Appendix V).

Candidates who do not satisfy the Secretary of State for India that they are physically fit for appointment to the Indian Forest Service will not be admitted to the competitive examination mentioned in Regulation 6.

8. *Period of Probation.*—The ordinary period of probation will be two years. During that time probationers will be required to pass through the Forest course at one of the Universities named in the margin, becoming members of that University if not so already; to obtain the Degree or Diploma in Forestry which it grants; to acquire some knowledge of Hindustani; and to

satisfy such other tests of proficiency as may be deemed necessary. The case of students who have already obtained such degree or diploma at any of the above-named Universities will be specially considered in each case.

During the vacations the probationers will, under the direction and supervision of the Director of Indian Forest Studies appointed by the Secretary of State for India in Council, receive practical instruction in such British and Continental forests as may be selected for the purpose.

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at the University, and on practical instruction in Britain and on the Continent with the exception of fees payable to local forest officers in Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will make payments to each probationer at the rate of 120*l.* annually, not exceeding a total of 240*l.* (besides the fees to local officers mentioned above). These payments will ordinarily be made on the following dates in each year:—

On the 1st December	£
On the 1st March	3
On the 1st June	60

The cases of probationers whose probation does not extend over all two years will be specially considered.

The grant of the allowances is subject to the following conditi

(*a*) that the progress of the probationer in his studies is satisfactory;

(*b*) that the probationer gives security to refund the payments in case he fails to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of probationers.

12. *Appointment and Seniority.*—Probationers who obtain a Degree or Diploma in Forestry, and are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service, will be appointed Assistant Conservators in the Indian Forest Department. Their position in the Provincial Forest Lists will be determined by the Secretary of State for India in Council on the Report of the Director of Indian Forest Studies; but in selections for the post of Conservator, officers joining the service in the same year are published as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

They will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Riding.*—Every probationer, before proceeding to India, will be required to satisfy the Secretary of State, in such manner as may be determined, of his ability to ride.

14. *Articles of Agreement.*—Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs. 280 a month (equivalent to 304*l.* a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension and Provident Fund.*—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix II, a summary of information regarding Leave is contained in Appendix III; and regarding Pensions and the Provident Fund in Appendix IV.

Leave.

1. The following is a summary of the principal regulations relating to the leave admissible to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough and special leave with allowances (*see* paragraph 6) are admissible to an aggregate maximum amount of six years during an officer's service The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

3. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

4. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him

5. The allowances admissible during furlough are: —

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

6. Special leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

7. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months earned by 33 months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave Combined leave may not be granted for a period less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

8 Subsidiary leave in India for a maximum of 10 days, usually with half average salary, is granted to an officer proceeding or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave

9. Short leave is also granted to enable officers to appear at examinations, etc.

10. Extraordinary leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from duty, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1*s.* 6*d.* to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1*s.* 4*d.* to the rupee.

APPENDIX IV.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1s. 9d. the rupee.

(*c*) The sum which will thus accumulate to the credit of an officer to be his absolute property, to be handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to his legal representatives.

APPENDIX V.

General Physical Requirements

Note.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself

an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

Age.	Height without shoes.	Chest.	
		Girth when expanded.	Range of expansion.
	Inches.	Inches.	Inches.
19 to 20	62½ and under 65	35	2
	65 „ 68	35	2
	68 „ 70	35½	2
	70 „ 72	36	2
	72 and upwards	36½	2½
21 and upwards	62½ and under 65	[illegible]	2
	65 „ 68	[illegible]	2
	68 „ 70	[illegible]	2
	70 „ 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder-blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, not more than two years before they are qualified to compete for an appointment, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(*a*) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall [illegible]don, accompanied by a fee of two guineas, and a statement of the candidate's age.

(*b*) Candidates must pay their travelling expenses.

(*c*) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to their appointment.

(*d*) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION FOR THE INDIAN FOREST SERVICE.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2·5 D, and if with correcting glasses, not exceeding 2·5 D, the acuteness of vision of the one eye equal $\frac{6}{9}$ and in the other $\frac{6}{9}$, there being normal range of accommodation with such glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed—2·5 D, the acuteness of vision in one eye when corrected being equal to $\frac{6}{9}$ and in the other eye [illegible] together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having too much hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{9}$ and in the other eye equals $\frac{6}{9}$ with +4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{9}$ and of the other $\frac{6}{9}$ with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service [illegible].

6. Squint, or any morbid condition subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

MEDICAL DEPARTMENT.

—In supersession of the rules contained in Army Department Notification ted the 7th January 1910, the following regulations for the grant of study ers of the Indian Medical Service are published for information :—

ding the Grant of Study Leave to Officers of the Indian Medical Service.

ugh for the purpose of study may be granted to officers of the Indian le recommendation of the Director-General, Indian Medical Service

of such Study Leave will be calculated in the case of an officer under les at the rate of one month for each year of pension service, and in the nder Civil Leave Rules at the rate of one month for each year of active ed in the Civil Service Regulations, up to a total in either case of 12 months officer's service.

ve may be taken at any time, but will not be granted more than twice an officer's service. This restriction does not apply to an officer who lough converted into Study Leave under Rule 8.

um period of study which will render an officer eligible for Study Leave

m period of leave granted solely as Study Leave shall be six months. the journey to and from India by an officer whose Study Leave is not combined any other kind of leave will reckon as Study Leave, but the allowance specified in Rule 10 will be granted during the period of study only. An officer whose Study Leave is combined with any other kind of leave will, however, be required to take his period of Study Leave at such a time as to retain, at its conclusion, a balance of other previously sanctioned leave sufficient to cover his return journey to India.

When an officer has been granted a definite period of Study Leave and finds after arrival in England that his course of study will fall short of the sanctioned period to any considerable extent, his absence from India will be reduced by the excess period of Study Leave unless he produces the assent of the authorities in India to his taking it as ordinary furlough.

6. Study Leave can be combined with any other kind of leave, provided the period occupied in study is not less than two months and, in the case of leave on medical certificate, provided that the Medical Board at the India Office certifies that the officer is fit for study. In the case, however, of officers in military employment, Study Leave cannot be taken in continuation of the combined privilege leave and furlough admissible under the terms of India Army Order No. 64 of 1904, if the total period would thereby exceed eight months, but Study Leave may be so taken provided such leave is for not less than two months, and the total period of combined privilege leave, furlough and Study Leave does not exceed eight months; this limitation to eight months does not, however, apply in the case of Study Leave combined with privilege leave alone. The total period of absence

from duty in India in the case of officers under the Leave Rules of 1886 for the Indian Army will be strictly limited to two years.

7. Except as provided in Rule 8, all applications for Study Leave shall be submitted, with the audit officer's certificate, to the Director-General, Indian Medical Service, through the prescribed channel, and the course or courses of study contemplated and any examination the candidate proposes to undergo shall be clearly specified therein.

8. Officers on furlough who wish to have part of their furlough converted into Study Leave should address the Under-Secretary of State, India Office, and should furnish a statement showing how it is proposed to spend the Study Leave. Similarly, officers on furlough or other leave who desire to have it extended for purposes of study should address the Under-Secretary of State, but in addition to the statement of the proposed study they must support their applications with documentary evidence of their having obtained the approval of the authorities concerned in India to their applying for an extension of leave.

9. An officer who is at home on combined leave may be permitted to commence a course of study before the end of his privilege leave, and to count the period so spent as part of his Study Leave, without forfeiting his privilege leave allowances during such period.

10. For the course of study, lodging allowance at the rate of 8s. a day for a field officer, 6s for a Captain, and 4s for a Lieutenant will be granted on the production of the certificates required by Rule 12. It is to be understood that in order to qualify for the grant of Study Leave or for the receipt of lodging allowance, a definite course of study at a recognised institution, which will occupy the time of the officer for five or six days a week, must be pursued. This allowance will not be admissible to an officer who retires from the service without returning to duty in India after a period of Study Leave. Lodging allowance will be admissible up to 14 days for any period of vacation.

11. The rate of pay admissible during Study Leave to an officer under [illegible] is determined as follows:—

A. If the rate of pay admissible during furlough earned by service under [illegible] is higher in his case than that admissible during furlough earned by service under Military Rules, then—

(1) he draws pay at the former rate for such period of his Study Leave as has been earned by his service under Civil Rules, and

(2) for the remainder, if any, he can elect either—

(*a*) to draw pay at the rate admissible during furlough earned under Military Rules, or

(*b*) to draw it at the rate admissible during furlough earned under Civil Rules for a period not exceeding the furlough at his credit. In this case an equal period of furlough at his credit earned by service under Civil Rules will be treated as if it had been earned by service under Military Rules.

B. If the rate of pay admissible during furlough earned by service under Military Rules is higher in his case than that admissible in respect of furlough earned under Civil Rules, then—

(1) he draws pay at the former rate for such portion of his Study Leave as has been earned by his service under Military Rules, and

(2) for the remainder, if any, he can elect either—

(*a*) to draw pay at the rate admissible during furlough earned under Civil Rules, or

(*b*) to draw it at the rate admissible during furlough earned under Military Rules for a period not exceeding such furlough at his credit. In this case an equal period of the furlough at his credit earned by service under Military Rules will be treated as if it had been earned by service under Civil Rules.

12. On completion of a course of study a certificate on the proper form (which may be obtained from the India Office), together with any certificates of special study, should be forwarded to the Under-Secretary of State, India Office, who will arrange for the transmission of copies of the documents to the Director-General, Indian Medical Service. Officers may also be called upon to report themselves in person to the President of the Medical Board, India Office, on the conclusion of their course of study.

13. Study Leave will count as service for promotion and pension, but, except so far as it may be taken during privilege leave (*see* Rule 9), it will not count for furlough or any other leave. It will not affect any leave which may already be due to an officer; and will not be taken into account in reckoning the aggregate amount of furlough taken by an officer towards the maximum period of six years admissible under Article 299 of the Civil Service Regulations.

EDUCATION DEPARTMENT, BENGAL.

NOTIFICATION.

REFERENCE is invited to the syllabus of studies for standards III to VI published with Government Resolution No. 109-T.G., dated 20th April 1909.

2 As the course in Arithmetic prescribes the use of English figures throughout the main syllabus, intending authors of text-books were advised by public notification (*vide Calcutta Gazette* of 20th and 27th March 1910) to provide a table in the beginning of their books, giving the vernacular equivalents of the English numerals 0, 1, 2, 3, 4, 5, 6, 7, 8, 9.

3. It was explained that the provision of such a table was necessary in consideration of the possibility that the employment of English figures in the main Arithmetic syllabus, which will be applicable to all classes of schools, High, Middle and Upper Primary, might otherwise constitute a difficulty in purely vernacular schools.

4. It was at the same time pointed out that the vernacular notation should be used in the additional *Subhankari* syallabus to be taught in Middle Vernacular and Upper Primary schools.

5. It is not the intention to supersede the use of vernacular figures and symbols in Middle Vernacular and Upper Primary schools and there should be no difficulty in substituting, with the help of the table referred to above, the vernacular equivalents of the English figures employed in the Arithmetic text-books in purely vernacular schools.

6. English figures are only intended to be used in standards III to VI of Middle English and High schools, as the bulk of the pupils in these schools are understood to be preparing [illegible] I to IV of a High school in which English will be the medium of instruction [illegible] being to familiarise the pupils with the use of English figures from as early a [illegible] possible.

NOTIFICATION.

REFERENCE is invited to the syllabus of studies for standards III
Government Resolution No. 109-T.G., dated 20th April 1909.

2. As the course in Arithmetic prescribes the use of English fig
main syllabus, intending authors of text-books were advised by public
Calcutta Gazette of 20th and 27th March 1910) to provide a table in th
their books, giving the vernacular equivalents of the English numerals 0, 1
7, 8, 9.

3. It was explained that the provision of such a table was ne
of the possibility that the employment of English figures in the r
which will be applicable to all classes of schools, High, Middle an
otherwise constitute a difficulty in purely vernacular schools.

4. It was at the same time pointed out that the vernacular not
the additional *Subhankari* syallabus to be taught in Middle Vernacula
schools.

5. It is not the intention to supersede the use of vernacu
in Middle Vernacular and Upper Primary schools and there sho
substituting, with the help of the table referred to above, the vernacular equivalents of the English figures employed in the Arithmetic text-books in purely vernacular schools.

6. English figures are only intended to be used in standards III to VI of Middle English and High schools, as the bulk of the pupils in these schools are understood to be preparing for classes I to IV of a High school in which English will be the medium of instruction, the object being to familiarise the pupils with the use of English figures from as early a stage as possible.

NOTIFICATION.

REFERENCE is invited to the syllabus of studies for standards III to V published with Government Resolution No. 109-T.G., dated 20th April 1909.

2. As the course in Arithmetic prescribes the use of English figures throughout the main syllabus, intending authors of text-books were advised by public notification (*vide Calcutta Gazette* of 20th and 27th March 1910) to provide a table in the beginning of their books, giving the vernacular equivalents of the English numerals 0, 1, 2, 3, 4, 5, 6, 7, 8, 9.

3. It was explained that the provision of such a table was necessary in consideration of the possibility that the employment of English figures in the main Arithmetic syllabus, which will be applicable to all classes of schools, High, Middle and Upper Primary, might otherwise constitute a difficulty in purely vernacular schools.

4. It was at the same time pointed out that the vernacular notation should be used in the additional *Subhankari* syallabus to be taught in Middle Vernacular and Upper Primary ... ols.

... t is not the intention to supersede the use of vernacular figures and symbols 7. Vernacular and Upper Primary schools and there should be no difficulty in 8. ...g, with the help of the table referred to above, the vernacular equivalents of 39. ...sh figures employed in the Arithmetic text-books in purely vernacular schools. 10.

... glish figures are only intended to be used in standards III to VI of Middle S... High schools, as the bulk of the pupils in these schools are understood to be ... classes I to IV of a High school in which English will be the medium of ... e object being to familiarise the pupils with the use of English figures from ... ge as possible.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" Class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers, Overseers and Upper Subordinates.

Students are prepared for the examinations conducted by the Joint Technical Examination Board.

4. The next session will commence on 3rd July 1911.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" Class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers, Overseers and Upper Subordinates.

Students are prepared for the examinations conducted by the Joint Technical Examination Board.

4. The next session will commence on 3rd July 1911.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. 5. The roof of such houses shall be covered with masonry, earthenware tiles, slates, corrugated iron sheets, or a combination of any of those materials.

6. Every projection beyond the line of any external wall of any such house shall be constructed of masonry, iron, wood or earth, and shall nowhere overhang a public road or drain.

7. Provision shall in every case be made, so that any drainage from a terrace or masonry roof and from the floor of any such house shall be led off to the level of the public drain in such a manner that no damage to the said drain or to any public road and no inconvenience to the public is caused thereby.

8. No privy or urinal in, or adjacent to, a house not being a hut shall be placed at a distance of less than—

10. Models and plans of privies, and urinals approved by the Commissioners with estimates of the cost of construction, shall be kept in the Municipal Office, and shall be open to inspection by any person at all reasonable times without charge; but no person shall be bound to construct any privy or urinal in accordance with any such models or plans, if the same be constructed in accordance with other rules contained herein.

11. (1) A drain must be provided for every privy and every urinal.

(2) Such drain must be constructed of some impervious material and must connect the floor of the privy or urinal—

(*b*) The space underneath the platform of the privy shall be of such dimensions as to admit of two moveable receptacles for solid and liquid excreta each of a capacity not exceeding one cubic foot, being placed and fitted underneath the platform in such manner and position as will effectually prevent the deposit otherwise than in such receptacles of any sewage falling or thrown through the aperture of the platform.

(*c*) The privy shall be so constructed as to afford adequate access to the place for the purposes of cleaning and removing therefrom and placing again the receptacle for sewage.

(*d*) The said receptacles shall be watertight, made of metal or glazed stoneware or well-tarred earthenware.

No. 1339-I.B.—The following Regulations which have been recently revised by Command of His Majesty the King, Emperor of India, are published for general information :—

Regulations respecting Foreign Orders and Medals.

1. It is the King's wish that no subject of His Majesty shall wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either—

(*a*) By Warrant under the Royal Sign-Manual, or

(*b*) By private permission conveyed through His Majesty's Private Secretary.

2. Permission given by Warrant under the Royal Sign-Manual will enable the Insignia of the Foreign Order to be worn at all times and without any restriction.

Private permission will only enable the Insignia to be worn on the occasions specified in the terms of the letter from the King's Private Secretary conveying the Royal Sanction.

3. The full and unrestricted permission by Warrant under the Royal Sign-Manual is designed, subject to the exception mentioned in Rule 4(*a*) respecting British Naval or Military Officers during hostilities, to meet cases where the Decoration may be said to have been earned by some valuable service rendered to the Head of the State conferring it or to the State itself. The private or restricted permission is contemplated for Decorations which are more or less of a complimentary character In either case the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs.

4. Full and unrestricted permission by Warrant under the Royal Sign-Manual is contemplated in the following cases :—

For a Decoration conferred—

(*a*) On an Officer in His Majesty's Naval or Military Forces lent to a Foreign Government, on an Officer in His Majesty's Naval or Military Forces attached by his Government to a Foreign Navy or Army during hostilities; or on any British Official lent to a Foreign Government and not in receipt of any emoluments from British public funds during the period of such loan.

(*b*) On any person not at the time in the service of the Crown, who, while himself outside the limits of His Majesty's Dominions, has rendered valuable services to the Head of the State conferring the Order, or to the State itself, within the period of two years immediately preceding the notification of the Decoration to His Majesty's Government provided for in Rule 5. The term "service of the Crown" (*supra*) comprises any person holding a Royal Commission, or any person in receipt of a salary from public funds in the United Kingdom, or in any British Dominion, Colony or Protectorate.

(*c*) On any British subject employed in a Foreign Embassy or Legation in the United Kingdom.

5. The desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order, or the fact that he has done so, must be notified to His Majesty's Principal Secretary of State for Foreign Affairs either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through his Diplomatic Representative at the Court of St. James. His Majesty's Principal Secretary of State for Foreign Affairs shall be under no obligation to consider claims that are not brought to his notice through one of these channels.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 4, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's license and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

7. When a British subject has received the Royal permission to accept the Decoration of a Foreign Order, he will, at any future time, be allowed to accept the Decoration of a higher class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Decoration, and common to every person upon whom such Decoration is conferred.

8. Medals which constitute a particular class of a Foreign Order are subject in all respects to the above Regulations in the same manner as higher grades of the Order, except that permission to wear will be given by Letter and not by Royal Warrant. The King's permission must be obtained for any other Medal to be worn. No permission is needed to accept a Foreign Medal if it is not intended to be worn.

9. Naval and Military Attachés to His Majesty's Missions abroad may, at the termination of their appointments, be given restricted private permission to wear, on certain specific occasions, the Insignia of a Foreign Order conferred upon them by the Chief of the State only in which their head-quarters were situated.

Foreign Office, May 8, 1911.

No. 1884-G.—The following communication addressed by His Majesty's Secretary of State for Foreign Affairs to the Most Hon'ble the Marquis of Crewe, K.G., His Majesty's Secretary of State for India, is published for general information and guidance

"His Majesty being fully determined to observe the duties of neutrality during the existing state of war between Turkey and Italy, and being, moreover, resolved to prevent, as far as possible, the use of His Majesty's harbours, ports, and coasts and the waters within His Majesty's territorial jurisdiction in aid of the warlike purposes of either belligerent, has commanded me to communicate to you, for your guidance, the following rules which are to be treated and enforced as His Majesty's orders and directions

"*Rule I.*—During the continuance of the present state of war, all ships of war of either belligerent are prohibited from making use of any port or roadstead in the United Kingdom, the Isle of Man, or the Channel Islands, or in any of His Majesty's Colonies or Foreign possessions or dependencies or of any waters, subject to the territorial jurisdiction of the British Crown as a station or place of resort for any warlike purpose or for the purpose of obtaining any facilities for warlike equipment. And no ship of war of either belligerent shall hereafter be permitted to leave any such port, roadstead, or waters from which any vessel of the other belligerent (whether the same shall be a ship of war or a merchant ship) shall have previously departed until after the expiration of at least twenty-four hours from the departure of such last mentioned vessel beyond the territorial jurisdiction of His Majesty.

"Rule II.—If there is now in any such port, roadstead, or waters, subject to territorial jurisdiction of the British Crown, any ship of war of either belligerent, such ship of war shall leave such port, roadstead, or waters within such time, not less than twenty-four hours, as shall be reasonable, having regard to all circumstances and the conditions of such ship as to repairs, provisions, or things necessary for the subsistence of her crew: And, if after the date hereof any ship of war of either belligerent shall enter any such port, roadstead, or waters, subject to the territorial jurisdiction of the British Crown, such ship shall depart and put to sea within twenty-four hours after her entrance into any such port, roadstead, or waters, except in case of stress of weather, or of her requiring provisions or things necessary for the subsistence of her crew, or repairs, in either of which cases the authorities of the port or of the nearest port (as the case may be) shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours without permitting her to take in supplies beyond what may be necessary for her immediate use, and no such vessel, which may have been allowed to remain within British waters for the purpose of repairs shall continue in any such port, roadstead, or waters for a longer period than twenty-four hours after her necessary repairs shall have been completed. Provided, nevertheless, that, in all cases in which there shall be any vessels (whether ships of war or merchant ships) of both the said belligerent parties in the same port, roadstead, or waters within the territorial jurisdiction of His Majesty, there shall be an interval of not less than twenty-four hours between the departure therefrom of any such vessel (whether a ship of war or merchantman) of the one belligerent and the subsequent departure therefrom of any ship of war of the other belligerent. And the time hereby limited for the departure of such ships of war respectively shall always in case of necessity be extended so far as may be requisite for giving effect to this proviso, but no further or otherwise

"Rule III.—No ship of war of either belligerent shall hereafter be permitted, while in any port, roadstead, or waters, subject to territorial jurisdiction of His Majesty, to take in

any supplies except provisions and such other things as may be requisite for the subsistence of her crew and except so much coal only as may be sufficient to carry such vessel to the nearest port of her own country or to some nearer named neutral destination; and no coal shall be again supplied to any such ship of war in the same or any other port, roadstead, or waters, subject to the territorial jurisdiction of His Majesty, without special permission until after the expiration of three months from the time when such coal may have been last supplied to her within British waters as aforesaid.

"Rule IV.—Armed ships of either belligerent are interdicted from carrying prizes made by them into the ports, harbours, roadsteads, or waters of the United Kingdom, the Isle of Man, the Channel Islands, or any of His Majesty's Colonies or possessions abroad. The Governor or other chief authority of each of His Majesty's territories or possessions beyond the seas shall forthwith notify and publish the above rules."

The Governor-General in Council is pleased to direct that the Orders and Directions of His Majesty the King, Emperor of India, as contained in the above communication are to be obeyed by all persons within the limits of His Majesty's territories and possessions in India.

From the marks assigned to Candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

Consistently with the limitations specified above, Candidates are at liberty to name any of the foregoing subjects, provided that the maximum number of marks that can be obtained from the subjects chosen is limited to 6,000. If this maximum is exceeded by a Candidate's selection he will be required to indicate one of his subjects, the marks for which should, in his case, be reduced so as to bring his maximum marks within the prescribed limit. The marks so reduced will be subject to a correspondingly reduced deduction.

Moreover, if a Candidate's handwriting is not easily legible, further deduction will on that account, be made from the total marks otherwise accruing to him (*a*).

5. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each, and in such order so many competitors up to the determined number of vacancies, as may be certified by the Civil Service Commissioners to be qualified by examination, shall be declared to be Selected Candidates for the Civil Service of India, provided that no competitor be duly qualified in other respects. Should any selected Candidate be disqualified, the Secretary of State for India will determine whether the vacancy or vacancies shall be filled or not. In this Examination, as in the Open Competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the Open Competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary. This Examination will be held at the close of the year of probation, and will be called the "*Final Examination.*"

If any candidate is prevented by sickness or any other adequate cause from attending such examination the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination.

The examinations in riding will be held as follows:—

(1) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.

(2) Again, at the time of the Final Examination. Candidates who may then fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback will be awarded from 100 to 200 marks, according to the degree of proficiency displayed, to be added to their marks in the Final Examination. Candidates who fail to obtain 100 marks, but are reported by the Civil Service Commissioners to have reached a minimum standard of proficiency in riding, and are certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, will, on their arrival in India, be [illegible] to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they pass such tests to the satisfaction of that Government.

A Candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding, will be liable to have his name removed from the list of Selected Candidates.

8. The selected Candidates who, in the Final Examination, shall be found to have a competent knowledge of the subjects specified in paragraph 6, and who shall have satisfied the Civil Service Commissioners as to their eligibility in respect of nationality, age, health, character and conduct during the period of probation, and proficiency to ride, shall be certified by the said Commissioners to be duly qualified for admission to the Civil Service of India, provided they shall comply with the regulations in force at the time, for that Service.
